

Year 6 Curriculum Overview

Autumn Term Global theme(s): Peace and Conflict Focus: Wider causes and effects of conflicts at all levels		Spring Term Global theme(s): Globalisation and interdependence Focus: Water conservation and access to clean water	Spring Term Global theme(s): Sustainable Development Focus: Clean oceans and preventing pollution	Summer Term Global theme(s): Power and Governance Focus: Who has changed the world?	
Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
World War 2	World War 1 and Contemporary conflicts	Clean water and sanitation	Our impact on the ocean	Changes and breakthroughs	How can we change the world?
Core texts	Core text	Core text	Core text	Core text	Core text
Letters from the Lighthouse	The Last Post Yellow Butterfly	A Long Walk to Water	Flotsam	Pig Heart Boy	Can you see me? Hope on the Horizon
	 				

<p>Curriculum overview</p> <p>In this term children will learn about the causes and events of World War 2 and how the consequences still impact on us today. Long lasting effects of racial and religious oppression will be explored through a study of the Holocaust supported by the Anne Frank Trust, and then linked to the wartime contributions of the Windrush generation and the impact of colonialism on people of colour in Britain today.</p>	<p>Curriculum overview</p> <p>A special focus will be taken on the events and legacy of World War 1 for Remembrance Week. Children will learn about the causes and effects of modern conflicts. They will consider the future of warfare and how it could potentially impact the world. Children will examine the portrayal of modern conflicts in the media and consider prejudices that are developed from media representation.</p>	<p>Curriculum overview</p> <p>To begin this topic children will learn the definition of geographical terms relating to bodies of water and locate them on a world map. They will consider the importance of ocean resources for sustaining life (human and animal) both at home and around the globe. Children will also begin to develop their understanding of water vulnerability and the right to clean water</p>	<p>Curriculum overview</p> <p>Children will build on their existing knowledge to turn the tables and consider human impact on the oceans. They will investigate the impact of fishing, pollution and travel on the oceans, and discuss whether the damage is repairable, and how to minimise it through conservation efforts.</p>	<p>Curriculum overview</p> <p>This topic will focus on significant events in history that have impacted on modern life. The first half term will focus on the efforts of individuals to create change in the world, and the methods used to achieve this. They will look for inspiration in public and personal figures of the past and present, and identify the personal drivers of these people that aided them in their successes.</p>	<p>Curriculum overview</p> <p>Children will finish their primary school careers by looking backwards and forwards. They will consider their personal footprint on the school and local community, and share their aspirations for their futures, both near and distant. Through our core text they'll begin to recognise differences in each other, and prepare for the wider range of people they will meet in high school.</p>
<p>Diversity, Community & Global Project Outcome</p> <p>Applications for Junior Leadership team; taking on more responsibility in school</p>	<p>Diversity, Community & Global Project Outcome</p> <p>Anne Frank 'My Story' project; challenging discrimination and understanding the importance of standing against prejudice.</p>	<p>Diversity, Community & Global Project Outcome</p> <p>Learn about WaterAid and local charity GrifAid and write persuasive letters about the importance of water conservation.</p>	<p>Diversity, Community & Global Project Outcome</p> <p>Look for ways in school and at home to reduce plastic use</p>	<p>Diversity, Community & Global Project Outcome</p> <p>Communicating with our French partner school (throughout the year) and preparing to visit</p>	<p>Diversity, Community & Global Project Outcome</p> <p>Visiting our French partner schools and demonstrating responsible travel</p>
<p>English</p>					

<p>Writing outcomes</p> <p>Detailed air raid setting descriptions Suspense lighthouse narrative Persuasive writing to sell a lighthouse Sea Storm Poetry.</p>	<p>Writing outcomes</p> <p>Character diaries based on The Last Post Shakespeare study Present tense war time narrative</p>	<p>Writing outcomes</p> <p>Comparative information text about England and an African country Conversation themed persuasive letter Biography of Salva Dut</p>	<p>Writing outcomes</p> <p>Underwater setting descriptions. Science

Science
Physics: Electricity
Key questions

- How does electricity work?
- Who are the pioneers of electricity?
- How are circuits built?
- How do we know if a circuit works?
- How is electricity generated?
- How can electricity be used practically?

Science
Physics: Light
Key questions

- What do I know about light?
- How does light allow us to see?
- Can the path of light be altered?
- How do periscopes work?
- How are shadows formed and how do they change?

Science.
Biology: Evolution and inheritance
Key questions

- What are living things made from?
- What causes variation in species?
- What is the difference between inherited and acquired characteristics?
- Who were the pioneers of evolution?
- How do animal species change over time?
- Do only animals adapt to survive?

Science
Biology: Animals including Humans
Key questions

- What are the vital organs?
- What is blood made from?
- How does the heart work?
- How do the lungs work?
- How long does it take heart rate to recover after exercise?
- How can lifestyle affect our health?
- Which nutrients does a body need to stay healthy?

Science
Biology: Classification of living things
Key questions

- How are living things classified?
- What are the characteristics of each classification?
- Who was Carl Linnaeus and how did he classify creatures?
- What are microorganisms?
- What do microorganisms need to survive?

Wider national curriculum

History
World War 2

Concepts of society, invasion, power, government

Key Question: How was Britain on the winning side of World War 2?

- Why did Britain have to go to war in 1939?
- Why was it difficult to be sure what life was really like in Britain during WW2?
- Why did Britain win the Battle of Britain?
- Empire at war: How did Britain's colonies help?
- Turning the tide: D-Day and the road to victory
- Why did Britain win?

National Curriculum objective

History
Local History- Made in the North East- Shipbuilding

Concept of society

Key Question
Why was shipbuilding so important to the North East of England?

- Sub Questions**
- Why are ships no longer built on the Tyne?
 - Where were the North East ships built?
 - Why was shipbuilding important to the North East?
 - How was the North East affected by the demise of the shipyards?
 - What was life like on the shipyards?
 - Which notable ships were built in the North East?
 - How has the shipbuilding industry changed

History
Significant people in history (Global Curriculum focus)

Concepts of society and power

Key Question
Who has changed the world?

- Sub Questions**
- What makes someone significant?
 - Who are the heroes of human rights?
 - Who are the significant Innovators and discoverers?
 - Who has inspired change today?

<p>-a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066</p>	<p>over time?</p> <p>National Curriculum objective - a local history study</p>	
<p>Geography Key Question: Discovering Iceland: <i>What makes Iceland unique, and how does it compare to the UK?</i></p> <ul style="list-style-type: none"> • Where in the World Is Iceland? • Fire and Ice – Iceland's Physical Geography • Life in Iceland – Human Geography • Power from Nature – Sustainability and Energy • Comparing Iceland and the UK 	<p>Geography Key Question: What is our impact on the ocean?</p> <ul style="list-style-type: none"> • How is Earth divided geographically? • How many oceans are there? • What kind of countries are water vulnerable? • What are the ocean layers? • What are the key ocean landmarks? • How can human activity cause changes to our environment • How do I read a map? 	<p>Geography Key Question: The UK: Who are we?</p> <ul style="list-style-type: none"> • The geography of the UK • Regions and diversity • Economic geography and resources • Identity and connections
<p>Computing</p> <p style="text-align: center;"><u>Programming</u></p> <p><u>Sensing</u> Designing and coding a project that captures inputs from a physical device.(Microbit)</p> <p><u>Learning objectives:</u></p> <ul style="list-style-type: none"> • to create a program to run on a controllable device • to explain that selection can control the flow of a program • to update a variable with a user input • to use an conditional statement to compare a variable to a value • to design a project that uses input and outputs on a controllable device • to develop a program to use inputs and outputs on a controllable device 	<p>Computing</p> <p style="text-align: center;"><u>Data and information</u></p> <p><u>Introduction to spreadsheets</u> Answering questions by using spreadsheets to organise and calculate data.</p> <p><u>Learning objectives:</u></p> <ul style="list-style-type: none"> • to identify questions which can be answered using data • to explain that objects can be described using data • to explain that formulas can be used to produce calculated data • to apply formulas to data, including duplicating • to create a spreadsheet to plan an event • to choose suitable ways to present data 	<p>Computing</p> <p style="text-align: center;"><u>Creating media</u></p> <p><u>Webpage creation</u> Designing and creating webpages, giving consideration to copyright, aesthetics, and navigation.</p> <p><u>Learning objectives:</u></p> <ul style="list-style-type: none"> • to review an existing website and consider its structure • to plan the features of a web page • to consider the ownership and use of images (copyright) • to recognise the need to preview pages • to outline the need for a navigation path • to recognise the implications of linking to content owned by other people

Internet safety Online relationships Online reputation		Internet safety Safer Internet Day		Internet safety Privacy and security Self-image and identity
Music Introduction to harmonisation and accompaniments Understand how to play the root notes of chord progression as a bassline for a piece of created music. Create a melodic line, improvised over the bassline. Notate pitches C-G on a staff, using rhythm notation for crotchets, quavers, minims and semibreves accurately.	Music Pop style compositions Understand dissonance and harmony. Know the notes used to create a triad chord in root position. Understand the terms block chord and broken chord. Improvise a melody with a chord accompaniment.	Music Pachelbel Canon Project Recognise and know when Pachelbel composed his Canon in D. Play the 8 note, iconic GROUND BASS/OSTINATO pattern from the Canon, transposed to the key of C, on a keyboard, to accompany well known pop songs which have used Pachelbel's idea. Create a melodic composition above the 8 note bassline, including an introduction and coda section.	Music 12 Bar Blues Understand the history and origins of Blues music and the birth of Jazz. Name some influential jazz musicians. Know which chords are used to play 12 bar blues in C. Play a 12 bar blues bassline, either as broken chords or a walking bass. Improvise a melody using part of a blues scale.	Music 'The River' - a large-scale group composition inspired by Smetana's Vltava. Discuss how Smetana structured his piece Vltava. Recognise how he incorporated folk music, patriotic music of his country and different styles of music, as well as original sections. Understand and be able to demonstrate how a musical theme can return in different styles when the elements of music are used in different ways. Record creative ideas using graphic symbols, rhythm notation and staff notation or technology, to contribute to composing and performing a group soundscape composition. Incorporate skills used during various KS2 topics, as well as music they already know, to create one large scale performance, linked by a 'river theme' composed section.
Art				

<p>Key Question: How can lighthouses be represented through different techniques?</p> <p>Drawing</p> <ul style="list-style-type: none"> To sketch with improving control and pressure To use sketching to map out ideas and concepts To use a wide variety of line (contoured, abstract, hatched, stippled) To use a variety of different techniques to produce studies on a particular theme To use line with confidence to create an effect <p>Painting</p> <ul style="list-style-type: none"> To make greater use of a range of painting techniques in the style of artists studied 	<p>Key Question: How is war represented in art?</p> <p>Printing</p> <ul style="list-style-type: none"> To hone techniques, combining skills to develop creative, original compositions <p>Evaluation</p> <ul style="list-style-type: none"> To reflect on own work displaying a fluent grasp of visual language To identify specific next steps, in order to develop their technique To annotate work effectively in order to refine and develop ideas 	<p>Key Question: How did the Impressionists represent water?</p> <p>Painting</p> <ul style="list-style-type: none"> To make greater use of a range of painting techniques in the style of artists studied To combine colours, tones and tints to enhance the mood of a piece <p>Artists' work</p> <ul style="list-style-type: none"> To build on knowledge of Movements in Art History, placing them within the context of wider historical events To recognise the influence of Artists on the wider world To explain with reasoning the choices of an artist of the intended effect of different craft and design techniques. DT Key Question: What is the purpose of a lighthouse? <ul style="list-style-type: none"> Investigate and analyse a range of existing products Understand and use electrical systems in their products [for example, series circuits incorporating switches, bulbs, buzzers and motors] Use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups Generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design Understand and use electrical systems in their products Select from and use a wider range of tools and equipment to perform practical tasks Select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities Evaluate their ideas and products against their own design criteria and consider the views of others to improve their work 	DT Key Questions: How do boats float? How do boats move and change direction? <ul style="list-style-type: none"> Generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design Understand how key events and individuals in design and technology have helped shape the world Understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages] 	DT Key Question: What is traditional French cuisine? <ul style="list-style-type: none"> Understand and apply the principles of a healthy and varied diet Prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques Understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed. Understand how culture impacts diet 			
PE Invasion Games (Football/Rugby)	PE Gymnastics	PE Athletics			

<ul style="list-style-type: none"> To help other members of his/her team to find space within a team game. To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To use effective communication and teamwork within games. <p style="text-align: center;">Games (Net and Wall)</p> <ul style="list-style-type: none"> To help other members of his/her team to find space within a team game. To use effective communication and teamwork within games. To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To understand and correctly follow the rules of popular net games e.g tennis, badminton, volleyball. To understand how to hold a racquet and strike a ball/shuttlecock with increasing accuracy. To learn a variety of shots to help improve their skill in a given game e.g slice in tennis or spike in volleyball. <p style="text-align: center;">Dance</p> <ul style="list-style-type: none"> Perform dance actions with control and expression. Choose their own dance steps and movements and then develop them into a routine. Perform longer routines from memory adding expression and extension to their movements. To choreograph short routines to portray a particular mood or style. To explore different styles of dance and develop short routines in those styles. 	<ul style="list-style-type: none"> To perform actions in and out of rolls. To lead others in a stretching routine to prepare for gymnastics. To perform a range of balances with a high level of control and accuracy. To hold different positions when balancing and use different shapes to express a given theme/mood. To create sequences that have changes of speed and level. To select the most appropriate ways to travel from one balance to another. <p style="text-align: center;">Invasion Games (Football/Rugby/Hockey)</p> <ul style="list-style-type: none"> To help other members of his/her team to find space within a team game. To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To use effective communication and teamwork within games. 	<ul style="list-style-type: none"> To run longer distances knowing when to use a sprint. To change his/her body shape to decrease air resistance when running. To use the correct action to throw a javelin with a run up. To use his/her toe and heel to spin and throw a discus and shot put. To jump: one foot to same foot to two feet (triple jump) To evaluate his/her own and the team's performance within a challenge and make suggestions of how to improve for next time. To understand personal challenges and try to improve each session by taking coaching points into consideration. <p style="text-align: center;">Games (Strike and field)</p> <ul style="list-style-type: none"> To choose the most appropriate throw to use within a game. To call out for a catch in a game showing they know they are in the best place. To understand and correctly follow the rules of well-known striking games e.g Cricket, Rounders. To understand the importance of timing and coordination in order to strike a moving ball. To throw a ball in different ways to catch out an opponent e.g adding side spin, top spin, a flat delivery.
<p>RE <u>Hinduism: Why do Hindus want to be good?</u></p> <p><u>Key Questions:</u></p>	<p>RE <u>Christianity: What did Jesus do to 'save' people?</u></p> <p><u>Key Questions:</u></p>	<p>RE <u>Spirituality: How does faith help people when life gets hard?</u> (Not any one particular religion).</p>

<p>What is Brahman? What is atman? What can be learned about atman through a Hindu story? Samsara: why is atman important? What else is important? How does dharma affect the way someone might live their life? What examples does Ghandi set about how to live life? Why do Hindus try to be good?</p>	<p>How does Salvation and Incarnation fit into the 'big story'? Why do Christians consider Jesus' death a sacrifice? How does Holy Communion link to the death of Jesus? How do Christians put their beliefs into practice? What difference does Jesus' example make to the world?</p> <p><u>Christianity: What difference does the resurrection make to Christians?</u></p> <p>Key Questions: What is the Resurrection to Christians?</p>	<p>Key Questions: What is life like? Exploring the ups and downs What questions have you got about what happens when we die? What is Christian teaching about life after death? Why do some people believe that we do not only live once? What is reincarnation? How do Christians mark when someone dies? What do people who don't believe in God think happens when we die? What different ideas are there about what happens when we die? What do I believe?</p> <p><u>Spirituality: Why do some people believe in God and some people not?</u></p> <p>What impact does having a faith have on how people think and live?</p>
<p>PSHE</p> <p>Personal relationships</p> <ul style="list-style-type: none"> • How can I have positive and respectful friendships in person and online? • What can bullying look like and what impact can it have? • What is prejudice and discrimination? • Gender identity and sexual orientation • What is a committed relationship? • What is consent? • When should I break a confidence? • How reliable are online images? (need more?) • Should I share an image?(links to sextortion) 	<p>PSHE</p> <p>MELVA- Year 6 extension activities</p> <p>Planning for the future - Managing money, how banks work.</p> <ul style="list-style-type: none"> • Where does our money go? • What is tax and why is it important? • How can I manage money responsibly? 	<p>PSHE</p> <p>Health and safety</p> <ul style="list-style-type: none"> • How can I keep myself and others safe? • How can I administer basic First Aid? • How can I stay safe online and in school? • What effect can alcohol and drugs have on my health? • What new responsibilities and changes will increasing independence bring? <p>Transition to high school</p> <ul style="list-style-type: none"> • How can changes affect us? • What will happen when I go to high school? • What can I do if I feel stressed or worried about change?
<p>French</p> <p>Pupils reflect on what French words they have in their 'survival kit'. Recall increasing amount of high-frequency vocabulary of French words for colours, days, months, numbers,</p>	<p>French</p> <p>We explore the world of fairy tales, including those written by Perrault. Describe characters with a range of adjectives respecting grammar rules.</p>	<p>French</p> <p>The whole of the summer term provides an opportunity to revise core vocabulary from Key Stage 2 French. We put this into practice by pretending to meet friends to eat in the restaurants, ice cream parlours and creperies of</p>

<p>feelings. Adapt remembered phrases to express our own ideas.</p> <p>Taking the French worlds of haute couture and sport as our inspiration, we talk about our favourite things. Conduct a simple conversation without prompts about preferences. Show awareness of language in knowledge of register (tu and vous).</p>		<p>Show awareness of language in use of pronouns.</p> <p>This introduction to etymology (study of language origins) will assist in developing strategies for further language learning like Spanish and German at High School. Identify and explore links between related languages. Apply strategies for related language skills in translation.</p>		<p>Paris!</p> <p>After half term we enjoy some lessons and activities as part of Year 6 - 7 transition.</p> <p>Listen to and read language above my production ability Communicate in French to a range of audiences.</p>
